Lancaster, Ky.

We have been ask by the pastor to announce that there will be no preaching at the Baptist church Sunday.

G. P. A. Now.

George B. Harris of Birmingham stopped over here Sunday and Monday for a visit to his parents, Judge and Mrs. E. W. Harris. George is now Traveling Passenger Agent for the Wabash, one of the largest railroads in the country, and has his headquarters at Birmingham.

\$25,000. Paid By Banks Hudson For Danville Business Property.

Banks Hudson has taken possession of the Cogar Property near the depot in Danville, for which he recently gave \$25,000. Mr. Hudson has announced his intention of at once putting in several new lines in order that he may keep his force busy the year round.

Wheat Threshing.

Wheat threshing in the county is well under way and the output is proving fully up to expectations in quality, and the yield is much better than was expected, a 17 acre field of Mr. W. M. Mahan near town yielded 28 bushels to the acre, and as fine quality of grain as is ever raised in this county. Many other crops in the county of which we have heard yielded 25 bushels to the acre.

Noticibly Absent.

The "August Election" in the olden times usually ushered in the first home watermelons and new cider and ginger cake of the season and almost every shady corner sheltered a "cider and ginger bread stand" of some old colored "mammy", who dispensed her wares and her politeness with equal hand, but alas how times do change, nowadays there is neither ginger bread or cider to be had, and if the wayfare becomes thirsty, it will go unslaked until he is able to run his head into a wayside spring on the homeward journey unless he has provided himself with a drinking cup.

Danville Fair This Week.

The big Danville Fair is in progress this week and is bigger and better than in many years. Years ago the Danville Fair was a gala day in all Central Kentucky, one of the biggest and best, both from its attractiveness and in attendance, in the state. However, for some reason interest waned in the Fair in Boyle county and for many years they failed to have a Fair, but of late years it has revived and now is fast coming back to its old time self. Lancaster people are liberal patrons of the Danville Fair, and this year is no exception to the rule.

Improvements on Danville Street.

Mr. George Smith Sr. is making an attractive addition to his Danville street residence, this with three new and handsome residences adjoining it and with splendid concrete walks recently put down, brings Danville street into strong competition with the other handsome streets of Lancaster.

Dave Walker Improving.

Dave Walker drove down on last Sunday from the Spitzer Sanatorium at Crab Orchard and spent the day with his parents Mr and Mrs J. J. Walker. Aside from looking a little thin, Dave appears in much better health, and it strikes us forcibly that a man just emerging from a fourteen day fast, as Dave has, would naturally be a little thin.

Work Progressing.

The work on the new Graded School building is progressing rapidly, the foundation already to show above the ground. The foundation is of a splendid quality of stone hewn from the cliffs of Dix river near the iron bridge, and the part which shows above the ground will be nicely cut and pointed and will present a handsome appearance. The "Garrard county marble" found in the river cliffs is of the very best quality for building purposes and a house built upon it for a foundation will surely be as solid as the rock of ages.

Dove Season Approaching.

The season when doves are most plentiful is approaching and as the hemp acreage is somewhat above the average, the hunters are heralding its cutting with keen anticipation. The open season for doves begins on the 15th. Hunters should bear this fact in mind, as well as the fact that they must not be caught with a gun unless they can produce a hunters license. The game laws are not going to be as lax in the future as they have been in the past, and the investment of a small sum in a hunters license may save a much larger sum for a violation of the game laws. A word to the wise is sufficient.

A Good Move.

Officials of the Bureau of Plant Industry are trying to impress upon farmers the necessity for proper preservation of seed corn and are already laying out plans for spreading the gospel of good seed so that when autumn comes more farmers will become educated in this new idea. Last year extensive tests conducted by the officials of the Bureau with the aid of co-operating farmers, showed that good seed preservation increased production to the extent of 5 bushels to the acre. The results are similar to those of other seasons in other localities and demonstrate that as a savings bank the seed corn rack returns a large interest on the investment.

Bird Protection.

All bird lovers will rejoice that a bill has been reported favorably to Congress by the committee having it in charge, providing for federal protection of migratory birds. This bill, if it passes, and its friends are very hopeful will do much to end the destruction of thousands of game and song-birds that are yearly the victims of pot-hunters and brutal men and boys in states where they are not now protected. When our robins and other feathered friends of the air go South in the autumn we shall be able to see them take their long flights with the comfort of knowing that, until their return the strong hand of the national government is reached out in their defense.

—Our Dumb Animals.

Cleaning By Onlooker.

The Lancaster Fair which was held July 24, 25, 26, was one of the best ever held in central Kentucky. The beautiful grounds added to the pleasure of every one in attendance and the Lancaster people spared neither trouble or expense to make the eighth annual exhibition of the Lancaster Fair the greatest in the history. There certainly is no place in the world where one is more royally entertained than at Lancaster.

Mr. Robert Elkin made an ideal Secretary and through his efforts a large show of stock was on hand. The crowds, although good, were not as big as they might have been had the fair been held a few weeks later.—Farmers Home Journal.

May She See As Many More.

Mrs. P.D. Gill celebrated her birthday on last Wednesday July 31st, just which one we will not say, suffice it to say that she looks many many years younger than her actual age, and we sincerely hope that she may be spared to celebrate many more. She had for her guests upon the happy occasion Postmaster W. T. West, who unlike Mrs. Gill is loath to tell his exact age, his natal day fell upon the same date as that of his hostess, but whether or not they are the same age we were unable to learn. A. T. Anderson was also among the guests on the occasion. Of course no one ever did or ever will know Tink's age. The day was made the occasion of the recounting of many interesting stories of Lancaster and Lancaster people and also the setting of a very substantial "birthday dinner."

Contestants Again Exchange Position And A Little Diligence May See Other Changes.

The contestants have again changed positions, the old leader again assuming her position. But this should not discourage anyone, for she has been dislodged once and may be again. Go out after that additional 5000 votes offered as a bonus and as many more as you can get with it, and with the coming of another count, you may see a complete change in the line up. Not so very much more time in which to work, so you had better make hay while the sun shines.

Sale Of City Property.

Hughes & Swinebroad sold for W. S. Carrier his handsome residence on Danville Street to Mrs. Sallie McCormack for \$4250.00. Possession October 1st. Mr. Carrier will move to the new residence he built on the same street.

Who Can Beat It.

Mrs. Mose Miller has on exhibition at the hardware store of J. R. Mount Son & Co., a tomato which she grew in her garden which weighs 2½ pounds. The tomato is of the ponderosa variety and would make an ample meal for an ordinary family.

Mr. Steve Walker To Move To Town.

W. S. Walker has purchased of the Misses Anderson the property now occupied by Mr. John E. Anderson on Lexington Street for \$4,000. Possession will be given on or about the 12th inst. Their many friends will regret to learn that Mr. Anderson and his estimable family contemplate moving to Lexington. Mr. Walker's ill health has incapacitated him from running his farm and the entire community will welcome him to town and it is to be hoped that the change may prove of great benefit to him.

Union Service.

Dr. Pearce will conduct the Union Services next Sunday evening. It will also be the occasion of Dr. Pearce's farewell sermon, he having rounded out a four years service in Lancaster, which is the limit placed by the Methodist conference upon their ministers for service in one place.

It is with a feeling of deep regret that Lancaster people see Dr. Pearce leave, as he has endeared himself to nearly every person in the town and his friends in the county are only limited to his acquaintance.

"Dick" Pettus Has Narrow Escape.

While going to his home from town last Sunday afternoon in a buggy drawn by a pair of spirited horses, Mr. Richard G. Pettus of near Preachersville in this county, together with his wife and her sister Miss McKechnie who were in the buggy with him, had a very narrow escape from serious injury and probably death. Just at dusk they met an automobile and the horses became frightened at the glare of the strong lamp and became unmanageable, they turned sharply in the road overturning the vehicle and ran from near Mr. John Peaces on the Crab Orchard pike into town, dragging the overturned vehicle with them, they were stopped near Sweeney's stable. When the vehicle was overturned Mr. Pettus and the ladies were thrown out and miraculously escaped injury. Mr. Pettus pluckily secured another buggy and proceeded on his homeward way driving the horses which had figured in the runaway. He did not know who owned the automobile but was under the impression that it was driven by a colored man who never stopped to ascertain the result of the accident.

SHERWIN WILLIAMS PAINTS & VARNISHES

If Your House Needs Painting Use S. W. P.

If your house, or barn, or buildings of any sort, need painting, don't put it off. Now—this spring—is the time to paint. A building that is kept protected from the weather, damp, sun and so on, will outlast by years a building that is allowed to go unpainted or poorly painted. It is much better business to save the building you have than buy a new one. And besides this, well painted buildings are much pleasanter to live in, and bring a much higher price if you should want to sell, than dingy, unpainted buildings.

To arrive at the cost of painting, figure the number of square feet a gallon will cover, and how long it will last, not what the paint costs a gallon. Don't simply figure what it costs to paint your house or barn, but what it costs to keep it painted year in and year out. S. W. P. is honestly made of the best raw materials obtainable, and will prove more economical and satisfactory to the man who pays the bill than either hand mixed lead and oil or the so-called "cheap ready-mixed paint." We are agents for Sherwin-Williams Paint, Prepared (S.W.P.). Come in and we will be glad to discuss the paint and varnish question with you.

The first compulsory primary election in Kentucky has passed into history, the smoke of a hotly contested family battle has cleared away and before us stretches the outlook for a splendid democratic victory in November. It now behooves every democrat to bow to the inevitable, to cherish no animosity because of the fact that "his man" failed to land the nomination, to put his shoulder squarely to the wheel and aid in the greater struggle that is before us.

The struggle of last Saturday was a friendly one throughout, a striving to place in nomination the person to whom we were each and everyone of us most favorably inclined, a struggle to advance the interest of our friends, but after all it was a family affair and to be treated as such, and every good democrat should and will now forget that there ever was a struggle as to who should bear the party standard, will gird on his armor and go forth to do battle in the cause of democracy against the common enemy.

The various candidates in this district, both congressional and judicial, were good men and true, men with whom we may safely intrust the cause of democracy, and who were prepared to give a faithful account of their stewardship, the means of determining just who should unfurl the standard at the November election was new, a recently enacted law and one which we fully believe is a wise, just and impartial one, a law calculated to safeguard the rights of each and every man who seeks office at the hands of his party, and which we believe at this, its first trial, has proven a great success.

Every democrat in the district had his choice as to who should be given the nomination for the various offices and they had the opportunity to express that choice at the polls, if the outcome did not prove to their liking, there should be no sore spots, and we believe there will be none, but that the party in the district will be united as it was never united before and each and every democrat who voted at the primary in August will be a cheerful participant in the victory in November.

Mr. Helm has served his district in a most creditable manner and will continue to do so, and while we supported Mr. Sullivan for the nomination, yet we are greatly rejoiced over the fact that while our choice did not receive the nomination, we are to be represented by a democrat, and by as good a one as can be found in the old Commonwealth. The opposition to Mr. Helm, if at all is scarcely noticeable, both parties seem to have a tendency to hold aloof from Mr. Dinsmore, in fact they do not seem to know exactly where he stands, whether he is a Stand-patter or whether he is a Bull Moose, but be this as it may, we can never tell what may develop, and while the opposition may not, nor do we believe it will, amount to anything, yet it is the duty of every democrat in the district to give his unqualified support to Hon. Harvey Helm, the nominee of the Democratic party, to take no chances on the superior strength of our party, or to underestimate the strength of the opposition, vote for him and then you take no chances.

As for Mr. Puryear, he will have no opposition, but at the same time vote for him too, for it is a bad habit to fall into, that of not voting the straight ticket, and if we just go in and "put it under the rooster", then we are giving their dues to everybody.

While in some cases in the district races there is no opposition, and in others it is but meager, yet we are to have one great struggle at the coming November election, the struggle to elect a Democratic president, and the most flattering prospects for success that the party has faced in years. For this reason there must be no sulking in the tents among the democrats, there must be no wounds received in petty races to heal, any ill feeling engendered must be put aside and all must labor together in the great common cause. The Democratic party is united as it has never been in years on national issues and in behalf of the national standard bearer, Woodrow Wilson is acceptable to the great masses of democracy as no democratic nominee has ever been in years; the enemy is divided against itself, has we might say too separate and distinct parties with Teddy leading one and Taft the other, both we firmly believe headed for ignominious defeat, divided with no possible chance of being reunited, as far apart in their ideas as are the democratic and republican parties, can their be any doubt but that defeat stares them in the face. It is all up to the democratic party, victory is within their grasp for the taking, all that the democratic party has to do now is to stand solidly together and support their splendid nominee and we shall see a glorious victory.

Therefore again let us warn every democrat to put aside any ill feeling that may have been engendered in the primary that would have a tendency to make us even do our duty in a half hearted way, get busy now and give every assistance in your power in furtherance of the great democratic victory that is to be ours in November.

Flying Men Fall.
Victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. Rev. Chas. Connor Beloved Pastor Of The Local Presbyterian Church

Tenders Resignation And Will Enter Evangelistic Field.

On last Sunday Rev. Charles Connor Brown tendered his resignation to the elders and trustees of the Presbyterian church as their pastor, to take effect on or about the 15th, day of September. Bro. Brown's resignation will in all probability be accepted though with a feeling of the deepest regret. He was designated by the late Presbytery for evangelistic work in Eastern Kentucky and will have his headquarters in Lexington, the principal field of his labors being in and around Buckhorn.

Rev. Brown has been the pastor of the local church for six years, he has been a zealous worker in the Master's cause, and under his charge the church has made splendid progress. He has always been found at the front in all religious and charitable work and has endeared himself, not only to his own congregation, but to the entire community, and it is with a feeling of reluctance upon the part of everyone to see him leave. He and his estimable family will be sadly missed in the community and the well wishes of his host of friends and admirers will follow him to his new field.

Helm And Puryear Sweep The County. The Former Majority Being 547, The Latter 277.

The first compulsory primary election ever held in Garrard county went off quietly, there not being a brawl of any kind throughout the county. The vote was heavier than was expected. Harvey Helm for Congress defeated Jere Sullivan by a majority of 547 votes, while Emmet V. Puryear carried the county over W. S. Burch by a majority of 277. J. W. Dinsmore republican candidate for congress without opposition received only twelve votes in the county. It was tacitly understood that while Dinsmore's name appeared under the Log Cabin, that he was a "Bull Moose", and the adherents to that faith would not support him because his name appeared under the republican emblem, and the old line republicans withheld their support because of his alleged support of the Progressive ideas, so he caught it going and coming. Following is a tabulation of the county vote:-

U. S. Government Accepts Option On Local Property To Be Used As Site For Federal Building.

The U. S. Government has for some time held options on several pieces of local property to be used as a site for the Government building; they at one time decided upon the Park in the center of the Public Square as the site, but owing to the differences existing between the town and county as to the ownership of that property they abandoned the idea of utilizing it, and last week they notified Mrs. Emma P. Grant that her property, upon which they held an option would be accepted as the site for the proposed site. The price to be paid Mrs. Grant is \$4500, and in addition to this about 25 or 30 front feet have been purchased from the Presbyterian church for which the sum of \$500. will be paid the two pieces of property will give a frontage of 150 feet on Danville street and the lot will be 200 feet deep to the alley. The deal is closed with the exception of the abstract of title which the Government requires, and when that is prepared and accepted, the money will be paid, the appropriation having been made some time since for the purchase of the site. There is regret felt by some at the failure to place the Federal building in the center of the square, but there are a great many people who strenuously object to its being located there, however, there is a general feeling of delight that a site has actually been decided upon as this means that we are surely to have a building, just when we are unable to say, but its ultimate erection is assured.

Mrs. Grant has purchased of Mr. S. G. Haselden the residence on Richmond street now occupied by Mayor H. T. Logan, price private.

Cost Of Big Ditch.

The estimated cost of the great Panama canal, now nearing completion is \$400,000,000. This in round numbers, would be about four dollars to each man, woman and child of our population, or say \$20 for each family in the country to pay. Can they afford it? Would be a fair question. Will the canal benefit us to that extent? What will this canal do for us? It is expected to reduce the cost of freight and therefore the price, on products of western South America, the islands of the South Pacific and of China and Japan.

Mr. Henly V. Bastin was taken ill Sunday and is confined to his home with an attack of malarial fever. Mr. Bastin was chosen as a delegate to the Progressive Party convention in Chicago at the district convention held at Danville last Saturday, but his illness prevented his attending.

Hon. Harve Helm Wins Democratic Nomination For Congress Over Judge Sullivan By An Unprecedented Majority.

The result of the primary election on last Saturday in the eighth congressional district was the nomination of Hon. Harvey Helm of Lincoln county over Hon. Jere Sullivan of Madison by a majority of between 7000 and 8000 votes, Mr. Helm carrying every county in the district including Madison Judge Sullivan's home county.

In the race for Commonwealth's Attorney Judge E. V. Puryear of Boyle defeated Hon. William Burch of Lincoln by between 500 and 600 votes. The election was quiet through the county and a much heavier vote was polled than was expected. J. W. Dinsmore of Berea, republican candidate for Congress received only 12 votes in the county.

A Lincoln county race in which Garrard county people was interested was that of Circuit Clerk, to succeed the late lamented "Uncle Josh" Swope, and for which office Mr. Jesse D. Wearren, a former townsman was a candidate, he was defeated by James F. Holdam by about 175 votes.

Modern Political Methods Adopted To Prevent Action By City Council In Hubble Telephone Matter.

At the regular monthly meeting of the City Council on last Monday night means usually adopted as a last resort in the U. S. Senate, and savoring very much of the much talked of "steam roller" tactics, were resorted to to prevent the Hubble Telephone Co., from gaining entrance into the city. In behalf of the Hubble Telephone Co. a regularly organized corporation with a capital stock of \$2500., one half of which is paid up. Mr. G. B. Swinebroad asked the City Council to grant this corporation the right to enter the city and establish three pay stations, guaranteeing in behalf of the Hubble people that they would furnish to the people of Lancaster a first class metallic circuit telephone service at the fixed rate of \$1. per month, and further granting the City Council the right to remove them at any time that they might seek a franchise, or that they might seek just cause for their removal. They asked for only three pay stations within the City. Councilman Gregory moved that their request be granted and was seconded by Councilman Zanone. Councilman William Herndon promptly put up a strenuous objection to their entrance and a plea for the Bastin Telephone Co., and made the point that the Council had no right to allow the Hubble people to enter. City Attorney, R. H. Tomlinson was appealed to for a legal opinion and he ruled that the City had not the right to allow the Hubble people to enter with three phones as they had no franchise, the question was then asked if the Bastin people had a franchise and his reply was that they did not have, he was then asked how it was that the Bastin people were allowed to maintain a telephone service in the city of Lancaster without a franchise and that the people of Hubble were not allowed the same privilege, this question Mr. Tomlinson has not yet answered. Seeing that a vote upon the question was inevitable Councilman Herndon fearing it would be in favor of the Hubble people, and plainly favoring the Bastin Telephone Co., to the exclusion of all other telephone companies or promoters, deliberately left the Council chamber, thereby breaking the quorum and rendering any action in the matter impossible.

County Attorney, Joe E. Robinson was present, not in his capacity as an attorney nor as the employee of any one but to assist in the conservation of the peoples rights, and made a strong plea that the Hubble people might be allowed the same privileges that are vouchsafed the Bastin Co.

Mr Robinson called the attention to one fact which is perhaps yet vivid in the recollection of the citizens of Lancaster, namely, that the present City Council was elected upon a platform pledging them to a conservation of the peoples rights in the telephone matter, and pledging themselves to give the people \$1. telephone service. Just how well this pledge is being carried out may be readily seen.

The Record, would earnestly advise the citizens of Lancaster, and of the county as well, that they attend the future meetings of the City Council, see who is carrying out pre-election pledges, see who is standing for the rights of the people as against a grasping corporation, a small one we will admit, but nevertheless a grasping one, and we believe that their very presence will have a moral influence that will permeate strengthen up the backbone of the "City dads." If it does not, you will surely go home wishing that the "recall" was in force in this municipality.

In next weeks Record we propose to give a copy of the platform upon which the present City Council was elected, together with a few pertinent comments.

As executor of the will of Jerome Layton, I will on the premises of the home tract in Garrard County, Kentucky, on Back Creek and on County road leading from McCreary to Nina, near Bethel Church on

Our readers have no doubt noticed the advertising of the Cortright Metal Roofing Company, 50 N. 23rd Street, Philadelphia, Pa., which has been appearing in our columns for several months with a change of cuts each week, and we hope that those of our subscribers who have been in need of such material have communicated with this Company, as they offer a System of Roofing possessing every point of superiority, absolutely weather-tight, fire-proof, ornamental in appearance, durable, easily applied and low first cost. This Company has local agencies established at many places, some of whom carry the goods constantly in stock but where they are not so represented, are always pleased to get in direct communication with the prospective buyer. THE PALM THEATER.

"We are proud to have a theater like this in our town. The owner, Mr. T. F. Van Arsdale, has spared no expense in fixing up this property. The building has cost over \$4,000, and is equipped with all the latest improvements, electric fans and opera chairs, and seats 240 people. It is under the management of J. L. Anderson and L. G. Weddle. The theater opened Saturday evening with an overflowing house. The show will continue every night. Mrs. G. C. Clark is pianist and Ralph Wright the operator. J. L. Anderson is one of our leading grocers and L. G. Weddle our assistant postmaster. These two are wide awake, and we hope they will succeed in their undertaking."

REMINGTON UMC

AUTOLOADING SHOTGUN

For singles—trap or field—just toss in a shell, press the button and—"PULL." The side bolt makes it easy. You don't have to tug at the barrel or watch an on-and-off device. The action stays open after each single shot is fired.—It always stays open when the magazine is empty. Five shots—three to get the cripples—each under absolute control of the trigger finger. The recoil reloads for you—kicks another shell in; takes the strain off the gun—the discomfort out of the kick—all without diminishing the drive behind the shot.

Simple take-down—a few turns of the readily handled magazine screw-cap makes cleaning, carrying and interchange of barrels quick and easy.

Send for a motion picture booklet telling how the kick is used—how a friction device found only on the Remington-UMC Autoloading Shotgun takes the punishment out of heavy loads.

Write to-day.
